Welcome to Pax Dental.

Our Lexington Park dentist office was built in 2020 for people for all ages. We celebrate the joy of a happy, healthy smile with state-of-the-art technology. Combining cutting-edge dentistry with a team who treats you like family, a relaxing environment, and personalized treatments. Hover over the QR code with a smart device and take a look around our website!

**Top-notch dentistry, from
Maryland's top dentists.**

What makes us G.R.E.A.T.?

Our Core Values

Giving Back

We believe that giving back completes the circle.

Respect & Integrity

Each person has value. Treat people with courtesy, politeness, and kindness. Be true to yourself, acting with high moral and professional principles, and always “do the right thing.”

Excellence

Anyone can be average. Not us. We create the “WOW” factor. We strive to give everyone a memorable, unexpected and enjoyable experience that goes well beyond the dental chair.

Appreciation

Be grateful for each other, for our patients, for our work, for our abilities, and for what we have been given.

Teamwork

Always demonstrate an unselfish commitment to working with others to create a collaborative culture and to do so in a genuine and compassionate way.

We transform lives through the power of a healthy smile.

Our Culture

Our team of dedicated, driven and compassionate team members go beyond just satisfying patients. We strive to create long-lasting relationships through an unparalleled experience. We believe that creating a culture of excellence enables us to achieve our vision and mission.
-We do what's right for you!

Our Purpose

We revolutionize the dental experience by providing each patient with an authentic personal connection, cutting-edge technology and honest dental care.

“Culture is not a set of beliefs like core values, it is a set of actions.” -Mike Hawkins

Pax Dental History

We have grown leaps and bounds in the last 12 years and still growing in strength and numbers.

2011

Doctor & Mentor Relationships.

Expert Doctor

Clinical Growth

At Pax Dental, we have an incredible team of Doctors who work together and offer clinical support. They share in alternative ideas for complicated cases and mentor along your journey as a dental professional. We set up our employees with success from the very start. We also offer positions for all experience levels.

What Makes Pax Doctors Different

2 CDAs

Pax provides 2 Certified Dental Assistants (CDAs) per doctor to improve clinical productivity and maximize efficiencies.

Mentorship

Pax doctors work in a collaborative, knowledge transferring, environment that will raise confidence and problem-solving abilities.

Above Average Earnings

The resources that Pax provides enables doctors to see more patients through an efficient workflow that will produce more than traditional dental settings.

Technology

Pax invests in the latest technology to reduce patient chair time, with less pain and more treatment options available.

Support

Pax has created an unparalleled support network that focuses on business systems to deliver better results and accelerate our overall growth.

Pax Dental Difference.

Dental Service Organization

- ✓ Business Support
- ✓ Expanded Access to Services & Tools
- ✓ Specialized Skills

Pax Dental

- ✓ Business Support
- ✓ Autonomy in Clinical Decisions
- ✓ Long Term Growth Opportunities
- ✓ Expanded Access to Services & Tools
- ✓ Mentorship & Learning Community
- ✓ Specialized Skills
- ✓ Immense Resources
- ✓ Work-Life Balance
- ✓ Customized Associate Agreement

Solo Ownership

- ✓ Autonomy of Clinical Decisions
- ✓ Long Term Growth
- ✓ Mentorship & Learning Community

This is the Pax difference. We were called to be a Dental Practice that is committed to a positive work-life balance, as well as, providing opportunities for growth and development.

We always focus on patient quality and experience.

At Pax, we are people over profit. We strive to give our patients the ultimate patient experience. The environment and interoffice communication is where most dentist offices fall short. Pax has communication processes and procedures in place to avoid those downfalls.

Workflow

We get them to your chair. We provide the marketing, scheduling and billing process.

Patient Focus

You as a Doctor can focus on the clinical, while we take care of the business headache side.

Opportunities For Clinical Growth

01

Implants

Pax team is trained to perform implant procedures to restore patients smile.

02

Airway Health

Sleep apnea is one of the most common sleep disorders, and at Pax we treat the problem not the symptoms.

03

Same Day Crowns

Our CEREC technology provides patients with a crown or bridge the same day.

Specialty Dentistry

Pax is on the cutting edge with advances in treatment for sleep disordered breathing and overall health.

Frenectomies

A frenectomy is an oral surgery that procedure that treats a lip-tie or tongue-tie. It may be used to increase the tongue's range of motion and improve your breathing.

OMT

Orofacial Myofunctional Therapy (OMT) teaches correct oral function and rehabilitates oral structures with the goal of proper nasal breathing.
